

AUSTRALIAN
Quarter Horse
ASSOCIATION

Paul Lorimer

I am 58 years of age, married with two adult daughters. I am a partner in our family's western saddlery business.

As a family we have been actively breeding and showing quarter horses for over 30years. I have been an active member of regional affiliates and the AQHA Board.

As a Director, I have always tried to consider all the possible impacts of decisions to be made by the Board and have never been afraid to stand up for anything I believe is in the best interests of the members.
